

Applied and Computational Mathematics Position  
Joint Appointment Between  
Oak Ridge National Laboratory  
and  
The University of Tennessee, Knoxville

The Oak Ridge National Laboratory (ORNL) in partnership with the University of Tennessee, Knoxville (UTK) is soliciting applications for a staff research scientist with a joint faculty appointment at the Joint Institute of Computational Sciences, University of Tennessee (JICS).

The JICS Joint Faculty position is a dual appointment based as research staff at ORNL and half-time faculty in the Mathematics department at UTK. Candidates at both junior and senior levels are encouraged to apply. Appointments at both institutions are made at a level commensurate with the candidate's experience. The successful candidate will be a UT-Battelle employee jointly funded by both institutions and (s)he will be appointed at the rank of Assistant, Associate or Full Professor without tenure since the faculty appointment is half time.

JICS supports research and teaching programs in computational science and applied mathematics, computer science, high-performance computing, cyber security, storage, and networking, with special emphasis on computational biology and bioinformatics, quantum chemistry, nanotechnology, regional and global climate modeling, and national security applications.

Required qualifications for the position include a Ph.D., evidence of significant scientific productivity, and a commitment to an integrated program of teaching and research.

To apply, qualified candidates will need to apply online at <http://jobs.ornl.gov/> reference posting #3012. In addition to applying online please submit a description of your research program, and at least three letters of reference to the Mathematics Search Committee at the email or U.S. mail addresses below:
